

GEN. HOMMA TO GO BEFORE FIRING SQUAD

Arrogant Conqueror of Philippines Found Guilty of Ordering Infamous Bataan Death March

RESULT NO SURPRISE

BULLETIN
Washington, Feb. 11.—(P)—The supreme court refused today to intervene in Manila proceedings in which Lt. General Masaharu Homma was convicted as a war criminal to be shot. Homma sent petitions by air mail from Manila asking the high court to take him out of the hands of the military. He also asked review of the refusal by the Philippines supreme court to grant him a writ of habeas corpus. Homma's petitions were similar to those sent earlier by the convicted Japanese General Tomoyuki Yamashita. The court last Monday rejected all of Yamashita's contentions and General Douglas MacArthur has ordered he be hanged.

By PAUL MASON
Manila, Feb. 11.—(P)—Lt. Gen. Masaharu Homma was convicted by a military tribunal today of war atrocity charges, including the infamous Bataan death march, and sentenced to be shot.

Homma was moved immediately to Luzon prisoner of war camp number one, where he joined his successor as supreme commander of the Philippines during the paly days of Japanese conquest, Lt. Gen. Tomoyuki Yamashita, and 10 other convicted war criminals.

While hearing his sentence, Homma stood in almost the exact spot in the ballroom of the former home of the United States commissioner to the Philippines where, emedalled and arrogant after the Japanese conquest of the islands, he had received the homage of the puppet Filipino commission and collaborators in a widely-publicized reception.

Within the range of his vision, he stood before the five-man commission, across Manila Bay was the fortress of Corregidor and the mist-shrouded hills of Bataan, from which he had herded Gen. Jonathan M. Wainwright, Maj. Gen. Edward P. King and their forces along the sun-scorched roads in the infamous death march.

The conviction was no surprise, as Homma had expected to be shot, ening as it was through the trial, under the stern discipline of bald, bespectacled Maj. Gen. Lee Donovan, commission president, pectators, representing all the military services, Red Cross workers, and a large number of Filipinos who had lived in the area during Homma's occupation, were arefully searched before being admitted to the grounds.

Homma, attired in the same gray herringbone suit and tan shoes he had worn during the trial, as led quickly away after the conviction and sentence was pronounced.

Homma's trial lasted five weeks. He wept in the closing sessions as he listened intently to defense counsel picturing him as "a man devoted to peace."

Homma was charged with ordering the 1942 march of American and Filipino prisoners from Bataan to prison—a march that cost the lled prisoners some 67,000 lives. The bombing of Manila after Arthur had declared it an open city also was blamed by the prosecution upon Homma; and he also as charged with continuing fire on Corregidor after General Wainwright had offered to surrender that last American stronghold in the Philippines.

His trial followed that of Lt. en. Tomoyuki Yamashita, now awaiting a disgraceful non-military death upon the gallows. It as Yamashita who succeeded omma—conqueror of Manila, ataan and Corregidor at the ar's beginning—as commander of Japanese forces in the Philippines.

Like Yamashita's, Homma's case es to MacArthur for final review.

Details of Soviet Agreement To Enter War Are Revealed

Washington, Feb. 11.—(P)—Months after Germany has surrendered. This appeared to spike finally earlier speculation that the dropping of the first atomic bomb on Hiroshima August 6 prompted Russia to advance the date of its war declaration.

Germany quit May 7 and Russia declared war on Japan August 8.

The reference to the Kuriles in the text, Byrnes—who first disclosed existence of the agreement at a news conference last September 4—said there was good reason why the pact was marked "top secret."

If the Japanese had learned of the agreement, they would have immediately attacked Russia, Byrnes declared. This, he said, would have made the task of the American armies that much more difficult and cost more lives

\$4700 Sergeant Says "Army for Me"

The Army discharged Staff Sgt. Anthony R. Schiavoni of Cleveland, an air corps veteran, to whom they had been paying \$4700 a year in base pay and dependency allotments. The sergeant tasted civilian life briefly, decided "the best place for me is in the Army," where he will again collect \$4700 annually for himself and family. Shroyer GOP Candidate For Governor and In Race To Stay

Harrisburg, Feb. 11.—(P)—John U. Shroyer, state secretary of highways, announced his candidacy today for the Reublican nomination for governor and said he is in the race to stay.

"During the past year many people have asked me to be a candidate for the office of governor," Shroyer, Shamokin dress manufacturer, said in a formal statement. "Churchmen, veterans, labor, industrialists, professional men, farmers and teachers have joined in this request.

"As a result, I have agreed to be a candidate and pledge myself to a continuance of sound, economic government and a business-like administration."

The 63-year-old highway department chief, who served with Governor Martin in the Philippines during the Spanish-Aerican War, withheld any comment on possible tie-ups with other candidates on the Republican ticket.

Shroyer said nominating petitions are already in circulation in practically all of the 67 counties in the state. He added that after the final date for filing—March 11—he will conduct an active primary campaign.

Shroyer made his statement as the leadership of both Republican and Democratic parties listed as a major objective for the week an agreement on an organization candidate for a third term.

The leaders of the two major parties concentrated on selection of a gubernatorial candidate after Governor Edward Martin and U. S. Senator Joseph F. Guffey ended uncertainty as to their political plans in weekend statements.

The governor announced his candidacy for the Republican nomination for the U. S. senate seat now held by U. S. Senator Joseph F. Guffey, and Guffey announced he will seek the Democratic nomination for a third term.

Neither statement was a surprise but it did put leaders of both parties to work on candidates for the rest of the ticket—Governor, lieutenant governor and secretary of internal affairs.

Democratic leaders have called another conference here for Thursday to discuss candidates. Th. Harvey Taylor, Republican state (Turn to Page Eleven)

23 Lose Lives In Fires Over The Weekend

By the Associated Press
The deaths of four children early today in a flaming house at Spokane, Wash., brought to at least 18 the number of persons who lost their lives in weekend fires throughout the nation.

The children, ranging in ages from three to seven, were trapped in upstairs bedrooms of their frame home in Spokane's foothills district. Their mother, Mrs. George Locher, was injured but another child, 18 months old, was rescued unharmed. The fire was believed to have started from an overheated stove.

Seven elderly men, all but one lumberjacks, perished yesterday in a blaze that swept a three-story frame building at Marquette, Mich. Police Chief Don McCormick said the fire—Mariette's worst disaster—apparently started when a roomer fell asleep in bed with a lighted cigarette.

At Tallman, N. Y., six elderly women were burned fatally when flames destroyed the central inn of the three-story Pinehurst Convalescent home. Ten other inmates were injured. Cause of the blaze was not immediately determined.

Mrs. Harold Davis, 31-year-old mother, lost her life in a fire at her Mason City, Ia., home yesterday after guiding her five children to safety.

Five negroes, two of them children, were burned to death in a fire that destroyed a dwelling at Monticello, Ga.

Quaker City Is Too Quiet for Policeman

Philadelphia, Feb. 11.—(P)—Patrolman Joe Ferry said today the lack of noise caused by the strike of the Philadelphia Transportation Company is giving him the jitters.

For months, Joe said, he has been on duty at a subway station, watching the clattering, roaring trains pick up thousands of persons.

"I don't like this quiet," he commented. "I don't feel at home. Gives you too much time to think. I just can't wait until the trains get going and give me some noise to make music in my ears."

Sugar Grove Tot Victim Of Odd Tragedy

Scott C. Stuart, III, winsome three-year-old son of Mr. and Mrs. Scott C. Stuart, II, of Sugar Grove, received fatal injuries in a strange accident that occurred in his home while at play about 4:15 o'clock Sunday afternoon, according to an investigation made by Coroner Ed C. Lowrey.

The little tot had been romping with an adult guest who had been spending the afternoon at the Stuart home. At the time of the accident the youngster was being raised in a "stiff-armed" manner by the visitor. For some reason while he was being hoisted from the floor by his hands and arms he pitched forward, falling in his chin and face in such a manner as to fracture a vertebrae in the neck causing almost instant death.

The youngster was rushed to the office of a physician nearby, where it was revealed that in addition to sustaining the broken neck the jaw was dislocated. The physician was of the opinion that death was instantaneous. The grief-stricken parents and visitors were unable to explain just what happened to cause the tragedy, since it was one of the favorite tricks of the child and he had become proficient in executing it.

Removal was made to the Schoonover funeral home where services will be held Wednesday afternoon at two o'clock. Interment will be in the Sugar Grove cemetery.

The untimely passing of the popular child has cast a pall of gloom throughout the community and the parents have the sympathy of a wide circle of friends.

Telegraph Service Is Being Restored

New York, Feb. 11.—(P)—Western Union employees in the metropolitan area returned to work today, ending a five-week strike which crippled New York City's telegraphic communications and hampered the nation's cable service to Europe.

Ralph H. Kimball, the company's vice president in charge of industrial relations, said, however, that normal operations probably would not be restored for two or three days. He said the time would be required to replace some workers who apparently obtained other jobs during the strike.

The 7,000 Western Union workers, members of the CIO American Communications Association, voted Saturday to end the strike pending arbitration to determine whether 2,000 employees in the higher wage brackets would share in wage boosts of 12 1/2 cents an hour awarded other employees by the National War Labor Board

PHILADELPHIA HAS GREATEST TRAFFIC JAM

Trolleys, Buses, Subway and Elevated Trains Idle In Walkout of PTC Employees

AUTOS CLOG STREETS

Philadelphia, Feb. 11.—(P)—A strike paralyzing transit facilities for 3,000,000 persons today threw Philadelphia into what Police Commissioner Herbert Kitchenman describe "as the biggest traffic jam in its history."

Trolleys, buses, subway and elevated trains and trackless trolleys were idle in the strike of 9,655 employees of the Philadelphia Transportation Company. The workers, members of the CIO Transport Workers union, walked out last midnight in support of wage demands.

While some city residents were fortunate enough to find rides in automobiles, thousands of other persons sought means of getting to work. Suburbanites flocked to railroad stations.

A new effort to settle the strike was begun at noon. Representatives of the union met with federal conciliators. The meeting was to be followed by a conference between management representatives and the conciliators.

Kitchenman said the thousands of automobiles jamming downtown Philadelphia streets made many sections almost impassable for as much as an hour at a time.

Another police official estimated 50,000 cars swept into a downtown Philadelphia area which normally accommodates about 5,000.

Robert A. Mitchell, city traffic engineer, said special regulations must be imposed to regulate mid-city traffic for the duration of the strike. In a radio appeal, Mitchell asked motorists not to park in the mid-city area.

In the mid-city area, hosts of policemen handled the thousands of cars. Residents of outlying areas said it took an hour and a half to drive what was normally a 20-minute trip.

Stalled picketed carbnars were 3,628 trolley cars, buses, subway and elevated trains and trackless trolleys.

The strike began at one minute after midnight, but some of the transit workers needed for carbnars as early as 9 p. m. last night.

Local 634, Transport Workers Union of America (CIO), ordered the strike upon collapse of negotiations for a 25-cents-an-hour wage increase and 27 other demands. The company offered a 12-cent boost.

Failing in last minute peace-making efforts, Howard C. Colvin, assistant director of the U. S. Conciliation Service, said he would hold conferences with PTC and union representatives "until a settlement is reached."

Mayor Bernard Samuel told Philadelphians in an early-morning broadcast to "be calm and cooperative so as to prevent disorder." (Turn to Page Eleven)

Many Injured During Riots In Lancaster

Lancaster, Feb. 11.—(P)—At least 10 men, including six policemen, were injured when 40 policemen broke through a 125-man picket line at the car barn of the Conestoga Transportation Company today.

Sixteen of the company's 110 buses and trolleys were placed in service.

The 220 AFL workers of the company struck to support demands for a 25 per cent wage boost.

Three men, Harold K. Herr, 41; Thomas Goswick, 23, and Christian Yoder, 34, were admitted to a hospital. Herr and Yoder suffered scalp wounds and Goswick side injuries.

Police Commissioner Albert Carlson said charges of disorderly conduct have been preferred against Goswick and Herr. No charges have been filed against Yoder, the police official added.

Carlson said charges of disorderly conduct were filed against Charles J. Meekins, 42. Carlson said Meekins was involved in a scuffle with Benjamin Blecher, reportedly trying to get through the picket line. Blecher was slightly hurt.

Carlson said warrants have been issued for arrest of at least two other men.

The police commissioner said all of the men were pickets.

Volunteer workers, since the second day of the strike, have been able to put as many as 15 vehicles in operation. Normally, 110 vehicles—25 street cars and 85 buses—are used to transport Lancaster men were pickets.

Henry Likes Him

A minor congressional by-election in New York is drawing nation-wide attention because of the candidacy of Johannes Steel, above, radio commentator and writer, running on the American Labor Party ticket, and supported by the Daily Worker, Communist Party newspaper. The election was further spotlighted by public endorsement of Steel by Secretary of Commerce Henry Wallace.

Stockpiles Of Steel Steadily Diminishing

Pittsburgh, Feb. 11.—(P)—Steadily diminishing stockpiles of steel, stemming from the nationwide strike of some 750,000 CIO steelworkers, now in the fourth week, today continued to force a progressive shutdown of metal-using industries.

While hopes ran high that settlement would be reached early this week through government-sponsored measures, the picture on the actual strike front remained grim.

Pickets continued their patrols in front of mill gates, but for the most part, the industries were closed down, with only maintenance men on the job.

Already more than 105,000 men in related industries are idle because of the scarcity of steel, and plant setbacks have started in auto tire industries because the supply of steel bead wire is near exhaustion.

Some 20,000 striking steelworkers have returned to the jobs in fabricating plants which have signed contracts with the union, but this figure was counterbalanced by a walkout of 18,000 in the ore mines and steel mills of Minnesota, Upper Michigan and Wisconsin Friday.

In Pittsburgh, developments included settlement of the strike at the Universal Cyclops Steel Corporation's Bridgeville plant. It employs about 1400.

John F. Murray, USW district director, said maintenance workers returned to their jobs following agreement on an 18 1/2 cent an hour increase.

At Titusville, company and union officials announced that a temporary agreement had been reached Saturday to permit full operations to start tomorrow at the Cyclops plant of the Universal Cyclops Steel Corp. The strike had idled 400 workers there.

UNO Still Debates Indonesian Issue

By JOHN M. HIGHTOWER
London, Feb. 11.—(P)—Possibility that the Indonesian dispute might be shelved pending the outcome of current negotiations in Batavia between Dutch and Indonesian representatives was expressed in some quarters today as the United Nations Security Council prepared to resume debate on Russian charges that "war is being waged" in Java.

Officials were cautious about commenting on the final outcome of the controversy, which was marked by a new round of acrimonious debate between Soviet Foreign Commissar Andrei Vishinsky and British Foreign Secretary Ernest Bevin yesterday.

Some suggested privately, however, that the council might decide to await the Indonesian reply to a new Dutch proposal for an Indonesian commonwealth, made public in Batavia, before taking action on Vishinsky's demand that a five-power investigation commission be sent to The Netherlands East Indies.

Meanwhile, UNO committees plugged away at a mass of questions which necessitated a three-hour session of the general assembly itself yesterday afternoon and evening.

ANNOUNCEMENT OF FORMULA FOR SETTLING STEEL STRIKE ANTICIPATED IN WASHINGTON

Washington, Feb. 11.—(P)—The White House said officially for the first time today that changes are in prospect in top administration personnel and indicated announcement of a formula for settling the steel strike was imminent.

Press Secretary Charles G. Ross told a news conference, in reply to questions, that personnel changes "are in prospect," but he declined to elaborate.

Asked whether they had to do with the stabilization high command, he left it for reporters to use their own phraseology.

At the same time, Ross said: "When and if a steel settlement is announced, there will be a full explanation of all the mathematics entering into it."

Ross said the announcement would come from the White House. Asked whether such an announcement was not already prepared, he merely smiled.

As to whether there would be a formal announcement today, Ross said he did not know but he repeated that changes in personnel are in prospect.

The government's new economic lineup as forecast by several officials would give OPA boss Bowles full authority over wage and price questions as head of the office of stabilization administration.

The OSA, it was predicted, probably will be split off from John W. Snyder's office of War Mobilization and Reconversion and be set up as an independent agency.

This then would be the economic line of command: Snyder to stay on as reconversion director but shorn of much authority over stabilization affairs.

Bowles to replace John C. Collet as OSA chief. Collet will return to the federal district judgeship in Jackson county, Missouri, from which he took leave last October to come to Washington at Mr. Truman's request.

Paul A. Porter, chairman of the Federal Communications Commission, to replace Bowles as OPA administrator.

Collet's departure would make it possible to boost Bowles, the advocate of stern anti-inflation control, into the commanding role in wage and price enforcement, and thus emphasize the administration's full support of a strong hold-the-line program.

If carried out as forecast, Bowles' successor at OPA will be another hold-the-line advocate. Porter is a former rent control director of OPA and set up the nationwide system of rent ceilings which has remained almost unchanged since its creation.

Both labor and government leaders voiced high expectations of an end to the steel walkout this week.

Would Send G. I. Wives To Japan

Washington, Feb. 11.—(P)—General Douglas MacArthur called on congress today to provide free transportation to Japan for wives of U. S. military personnel of "all ranks" stationed there.

MacArthur, in a statement in Tokyo, said that he plans to open occupied areas to wives of servicemen about May 1 and that he "hopes sincerely that congress will broaden the base (of pending permissive legislation) to include free transportation for all ranks."

He pointed out that living conditions are "not comparable in many ways with those of continental America."

"It will represent a type of pioneering reminiscent of our own west during the 19th century, but just as those days developed the best of American womanhood, so it is believed that wives of our officers and soldiers will welcome the opportunity to share hardships with their husbands."

1,666 Brides Aboard Queen Mary As She Docks In Gotham

New York, Feb. 11.—(P)—The band played "Here Comes the Bride," but the resounding roar of "I'm a Yankee Doodle Dandy" came from the throats of 1,666 brides—the British wives of American servicemen.

And with that exchange of song, the giant liner Queen Mary, converted into a floating nursery to accommodate the 668 children aboard, was nosed gently into its berth yesterday—ending the greatest overseas journey of women and children in history.

But the great "invasion" did not get really underway until several hours later when the first 500 wives, living within a radius of 200 miles of New York, left the vessel and were reunited with their husbands at the Seventh Regiment Armory.

Suspension Of Power Looms In Pittsburgh

Pittsburgh, Feb. 11.—(P)—Last minute efforts were underway today to stave off a crippling power strike set to begin in Pittsburgh tomorrow.

Unless the strike is averted, 2,000,000 people in Allegheny and Beaver counties face a shutdown of power and light facilities.

Lighting would be eliminated in 330,000 homes, 36,000 business establishments, industrial plants, public offices and institutions. Lack of power in industrial plants would force them to close. Street car service also would be eliminated.

Federal and state conciliators, aided by Mayor David L. Lawrence, were trying to bring company and union spokesmen together following collapse of negotiations yesterday.

The Independent Association of Employees of the Duquesne Light Company, which serves the two county areas, demands a 20 per cent wage increase.

A session yesterday ended without any official statements but a union spokesman declared: "The company didn't budge one inch from its position. The strike is on for 4 a. m. Tuesday."

For the company, President Presley H. McCance said: "No settlement was reached at the meeting."

Peace efforts were placed in the hands of Charles Kutz, federal conciliator; John Diebold and William Grey, state mediators; and seven representatives each from (Turn to Page Eleven)

Tugboat Strikers Study Agreement

New York, Feb. 11.—(P)—Striking tugboat workers in New York harbor voted at a mass meeting today to accept arbitration of grievances which led to their week-old walkout.

New York, Feb. 11.—(P)—An agreement to arbitrate New York Harbor's tugboat strike was submitted for ratification today by the employees and union rank and file as spokesmen for both sides predicted acceptance of the accord.

The agreement, reached by committees representing the owners of the strike-bound towboat companies and the union, provided:

1. That the 3,500 tugmen return to work immediately upon the signing of an arbitration agreement.
2. The wage agreement that may result from the arbitration would be retroactive to Jan. 1, when the former agreement was terminated.
3. The government seizure order would be lifted after both sides accepted arbitration.

But Mayor William O'Dwyer, who announced the pact last night after a meeting with the committees, declared, the fuel crisis would not be over even if the strike were settled.

children were scheduled to leave New York during the day. The first train which left the Hoboken Terminal of the Delaware, Lackawanna and Western Railroad at 11 a. m. consisted of nine cars, seven of them for Chicago with the other two to go on to Los Angeles.

A train due to leave Jersey City terminal of the Baltimore and Ohio Railroad at 7 p. m., will carry brides bound for Cincinnati.

Three special cars attached to the Pennsylvania Railroad's Duquesne Limited left Penn station at 11 a. m. for Pennsylvania points, with brides scheduled to leave the train at Philadelphia, Pittsburgh, Lancaster, Harrisburg, Tyone and Altoona.

One car for Chicago and another for Pittsburgh were scheduled to leave the Pennsylvania station on the Pennsylvania Railroad at 6 p. m.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Telephone instruments, central office equipment, cable and wire, outside construction... we've talked a lot about those in connection with our \$150,000,000 expansion program.

But one of the biggest parts of this program is WORK... and work is done by men and women.

Veterans are coming back to us, of course... and all of them are getting their old jobs back, or better ones. What's more, they all get the pay increases they would have got if they hadn't gone to war.

And we must hire hundreds of girls—experienced and inexperienced—for countless jobs brought about by the expanding service.

We're on our way, and make no mistake about that.

The bigger the challenge, the bigger our responsibility and determination to meet it. And that goes for every company in the Bell System, for the determination to restore pre-war telephone service and to introduce you to even finer and faster serv-

ice than you've ever known before. Not local, but national in scope.

Our \$150,000,000 expansion program is only a part of the Bell System's two-billion-dollar program. What this company does must mesh with what other Bell companies do to provide you with the service you want... and the service we want you to have.

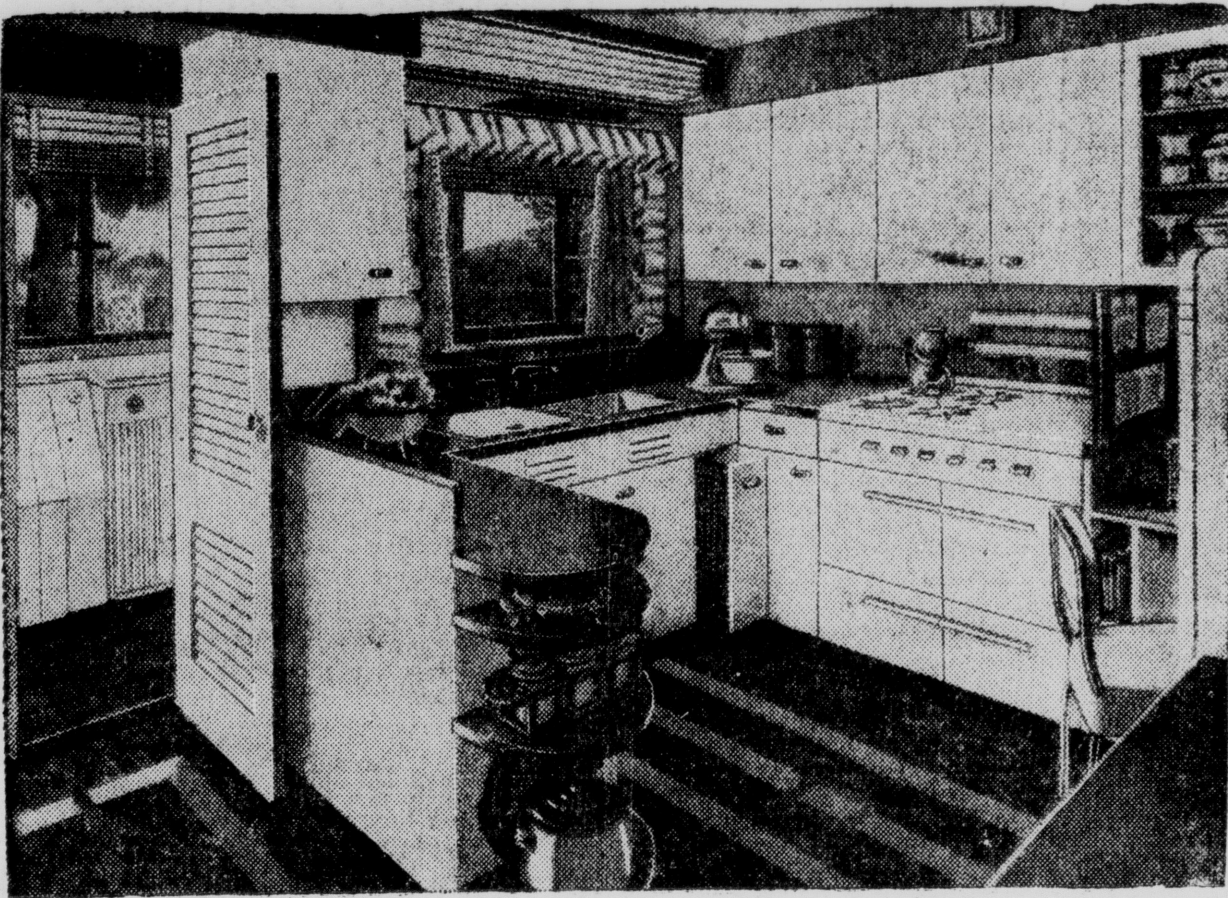

We're on our way... and so are they.

Here are the Three Objectives of our \$150,000,000* EXPANSION PROGRAM

1. To end all waiting lists for telephone service.
2. To provide the people of this State—city people and farmers—with finer and finer telephone service.
3. To make available the many new developments in communication, pioneered by the Bell Telephone Laboratories.

*Part of the Bell System's two billion dollar Expansion Program.

*A kitchen that takes the

*"New Freedom Gas Kitchen" complete
with an up-to-the-minute laundry*

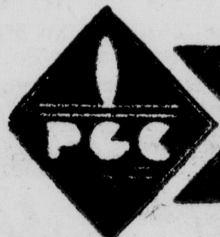

IT'S a charming yet efficient dual work-center. And—like every other "New Freedom Gas Kitchen"—it's designed around 3 essentials: **BETTER-THAN-EVER-AUTOMATIC WATER HEATING!** No use planning for one of the new automatic dishwashers—or washing machines—unless you have the abundant supply of hot water that a new Gas water-heater gives you... reliably, economically.

FOOD STORAGE—PLUS! A wonderfully silent Gas refrigerator so spacious it saves hours of marketing time. Stores more frozen foods... keeps all foods fresh longer!

A RANGE THAT'S TOPS IN COOKING PERFECTION! What's the use of a beautiful kitchen without an "A No. 1" Gas range... with automatic clock controls, a smokeless broiler and "speed demon" top-burners! Start building your "New Freedom Gas Kitchen" around one of these ultra-modern Gas ranges—today. And look for the CP seal!

County Men Enlist In Army At Local Recruiting Station

Captain Grunzweig announces that another local recruit has reenlisted in the Regular Army. This time it is 1st Sgt. Bryant O. Griffin, Chief Clerk of the Warren District. Sgt. Griffin has eighteen years' service in the Regular Army and expects to complete twelve more years in order to take advantage of the Thirty-year Retirement Plan by which he will receive \$155.25 monthly for the remainder of his life. This indeed foretells a secure future for Sgt. Griffin.

An intelligent young man of 17 years of age can be earning good money while completing 30 years' service to take advantage of retirement at the age of 47 by enlisting now in the Regular Army. Eight other enlistments were reported: Herbert Gross, 502 Water St., Warren, Pa. for 3 years to serve in the Caribbean Defense Command. George Mathe, Sheffield, Pa. for 18 months. Paul Sible, Tionesta, Pa. for two years to serve in the European Theatre. Russell Thulin, R. D. 2, Warren, Pa. for 18 months. Charles

Harkins, Youngsville, Pa. for 3 years to serve in the European Theatre. Joseph Yucha, Tionesta, Pa. for 18 months. Virgil Fellows, 10 Clark St. Warren, Pa. for 3 years to serve in the Caribbean Theatre. Harry Nelson, Pittsfield, Pa. for 18 months.

Remember veterans you now have 3 months from date of discharge to reenlist in grade and take advantage of the reenlist-

CONSIDER A SQUEEZE
BEFORE RUNNING SUIT

By WILLIAM E. MCKENNEY
America's Card Authority

Here is another squeeze haid from the New Orleans tournament given me by John D. Bibb, of Anniston, Ala.

The opening lead of the ten of hearts seemed to be a favorable one, but East, of course, refused to go up with the king of hearts and played low. Now there was no heart in dummy to allow Bibb to take the other heart finesse.

There was still the possibility of a club break. Bibb first cashed

out his four good spade tricks, then his three top diamonds. East, who did hold four clubs, found himself hopelessly squeezed. He could not hold the king of hearts if he was to keep the four clubs. He elected to throw away the king of hearts, so Bibb cashed the ace and queen of hearts and the good clubs.

As he pointed out, do not blindly trap to cash out a long suit, such as clubs in this hand, hoping it will break; it is safer to utilize the possibility of a squeeze in case the suit breaks badly.

BOY SCOUT WEEK

The Warren County Council, Boy Scouts of America is celebrating its 30th anniversary this week while the Boy Scouts of America celebrates its 36th anniversary.

National Boy Scout Week, February 8 to 14, will be observed in Warren county with many activities among the troops. Many Troops of the Council have window exhibits of handicraft or merit badge subjects. The window displays will be judged by men of the council and awards made to the Troops.

Scout Sunday, February 10, was observed by the Scouts and their leaders attending church services together with a special message to the Scouts.

It has been a tradition with the Warren County Scouts to wear their Scout uniform during the Anniversary Week. The Scouts are extending invitations to their friends and other boys to visit their Troop meeting and perhaps join that Troop. Many new Scouts are registered each year during the celebration.

The service project this year is the "Shirts-Off-Our-Back-Campaign," mentioned in this paper. This campaign will be a means of knitting the friendship of Scouts of other lands together with the boys of America.

Parents and Scouts will be together on occasions such as Father and Son banquets, Chapter Presentation Ceremonies and Parents Nights during the week. Each Troop is being urged to plan a meeting of this type, with many many such affairs having already taken place.

The Warren County Council, Boy Scouts of America has a membership of 36 units and over 700 boys. The Council serves the boys of the county through 26 Boy Scout troops, 7 Cub Scout Cub Packs and 2 Explorer Posts. These units are sponsored by many organizations. Protestant churches sponsor ten units, Parent Teacher Associations by six units, Sunday school classes nine, groups of citizens seven and one each for the Y. M. C. A., civic club, grange and mothers' club.

These organizations sponsoring units of the Boy Scouts provide a place for the boys to meet, furnish leadership for the unit and supervise the program through a committee. The actual leadership of the boys is given over to the Scoutmaster, Cubmaster or the Post Adviser. These leaders with the help of the boy leaders of the unit formulate the program and carry on the activities.

"GOT ANY BUTTER?"

Responsibility for the butter shortage to a large extent goes back to the small farmer with six cows or less, and begins to build up from there.

In normal times, those farmers produced about half of the milk that went into butter. When help became scarce and feed prices high, they sold their cows and went into more profitable lines. They haven't gone back to dairying.

Since 1941 about one-fifth of the country's creameries have gone out of operation, many because of the supply of milk in their areas had diminished to the point where it could no longer be handled with profit.

Add to that the fact that this is the period of seasonal low production (the peak is in the spring) and you have the background. Last September war time limitations on milk allocation were lifted. The butter manufacturer cannot compete with sweet cream at 80 cents to \$1 a pound of butterfat when his butter price is limited to 46 cents a pound wholesale in Chicago.

Since September butter production has declined steadily. In December it was 28 per cent below the 1944 figure, and only half of the output for the corresponding month in 1941.

So until some war-time controls are brought back or the rural dairymen can be induced to go back into producing milk, or both, we're likely to continue to whisper, "Got any butter?"

Politics boiled up over the weekend in spite of the fact that mercury in thermometers remained well below the freezing point.

All is quiet along the nylon front until the next rumor starts a run.

It's the casual stroll across our streets that boosts the casualty lists.

Always finding fault in others is good proof that you have at least one of your own.

What It Means

By SIGRID ARNE

WASHINGTON—Shortly, the sort of Germany which may emerge for the future should become clear.

Sometime soon the Allied Control Council in Berlin is expected to issue the reparations account to be charged Germany, listing the industrial equipment to be taken from Germany and revealing the industry it may keep.

The Council already has agreed that Germany, which produced 22,000,000 tons of steel in 1938, may only turn out 5,800,000 tons a year, with capacity limited to 7,500,000 tons.

This cut will close down dozens of manufacturing plants that turned out machines for export. But it is believed there will be enough steel to permit the Germans to turn out what machines they need for their peacetime use.

Things to Come

The final directive sent to Gen. Eisenhower, the commander of the U. S. zone of occupation in Germany, is considered by some economic observers as an indication of the industries Germany will lose, at least during occupation. The directive said that the U. S. commander, pending Control Council decision, should:

Prevent manufacture of arms, ammunition, war implements, aircraft and parts, merchant ships, synthetic oil and rubber, aluminum and magnesium.

Prohibit research—except that necessary to public health—and remove all laboratory equipment needed for war.

The directive also indicates that Germany may be permitted to keep, but with capacities only large enough to supply her own needs:

Iron and steel, chemicals, non-ferrous metals, machine tools, radio and electrical equipment, automotive vehicles, heavy machinery and parts.

The State Department has said that Germany may be permitted to turn out a limited amount of metals, machinery and chemicals for export, under Allied Control.

Beyond the Control Council's agreement on German steel, no other definite industrial figures have been announced.

However, the final report of the Foreign Economic Administration's Enemy Branch, now defunct, suggests definite capacities

Home Needs

Here are some of the capacity recommendations which FEA said would be ample to fill German home needs:

1. Automotive: A reduction from 260,000 passenger cars and 62,000 trucks in 1937 to 90,000 units, none to weigh more than 2,500 pounds.

2. Oil refining: From 3,100,000 tons a year to 700,000 tons.

3. Electric power: From 2,000,000 kilowatts (in 1944) to 900,000.

4. Machinery: From 2,750,000 tons a year to 1,200,000.

5. Machine tools: From 4,000,000 metric tons to 500,000. This would leave her about 240,000 machine tools, with the right to make 12,000 new ones annually.

6. Rubber fabricating: Enough to use 30,000 tons of imported rubber a year.

What is left for Germany to do? She can mine coal and sell it abroad, from which she can get foreign exchange to buy the commodities she'll need, such as rubber and oil.

She can raise more food for her own use and, perhaps, some for export.

She can cut timber for some years, selling timber to other nations; sell potash, salt, ceramics, and toys; rebuild her homes and transportation systems.

Some Export

State Department announcements indicate this American attitude:

1. Germany should be allowed to build up some peacetime industries well enough so that she may begin to export and thereby collect enough foreign exchange to buy what she won't be permitted to produce.

2. Her peacetime industries should be so controlled that Germans will live no better than average continental Europeans.

Secretary of State Byrnes has said Germany may reach this European average by 1948.

A COMMONPLACE BOOK

wrongly

Are you afflicted with The February Sickness?

That's our ancient name for the state of adynamy which often besets us around the time the groundhog stages his annual publicity stunt; partly a hangover from the New Year's egg-nog, partly an impatience with the winter garments of repentance, and partly a yearning for the hounds of spring. It may express itself physically as influenza or pyloric spasm, or emotionally as a depressed state of mild horror. It is, in short, "the winter of our discontent," when mortality becomes pointedly real and

Timor mortis conturbat me.

If you have this unhappy malady, please take our sober advice and read a book called "It's Still Maloney," which you'll find on the book-counters everywhere.

The author is Russell Maloney. The interlinear continuity is also by Russell Maloney. The introduction is by J. J. O'Malley, one of the several pseudonyms of Russell Maloney. Finally, to cap it all, the jacket bears a picture of Maloney, pen in hand, leaning against the bland, majestic head of one of the New York Library lions; Maloney disconsolately in search of an escaped idea, or perhaps merely in search of peace.

We first knew Maloney among the storm-bent palms and Left-Handed Whelks of Captiva Island off the Florida west coast. Just off the lugger, we lurched anxiously over the corduroy road; through the tall tropical swale, the mangrove thickets, the orange and lime groves. We were headed for our abode-to-be, Redfish Cottage, poised on the very tip of the island where Pine Island Sound collides with the ominous Gulf of Mexico in the passion of swirling tides known as Redfish Pass. We had heard that the island was called Captiva because Gasparilla had of old been wont to intern his captives there. So we expected at least the remains of a wrecked Spanish corsair nuzzling up against our stoop. What we saw, as we debouched on the shimmering sands, was Maloney in shorts talking to a blonde.

It was the beginning of a long and beautiful friendship. Maloney, we promptly learned, was the guy who supplied the New Yorker with most of its Talk of the Town material and some of its Profiles. We saw him return from a trip to Miami, weak and despondent from the impact of neon and chromium. We loaned him ten dollars to facilitate his return to E. 50th Street after listening for half an hour to his series of well-organized proofs that it would certainly be a bad investment. ("Why, you hardly know me!" That sort of thing.) Our Captiva acquaintance with Maloney and his enchanting wife, Miriam Battista, ended all too soon; but has been happily renewed at intervals.

At Harvard Maloney won numerous literary prizes. He began his New Yorker career by mailing in ideas for pictures. Eventually he moved to the city "to save postage," became a dweller in that "batch of carelessly disinterested Inca ruins," which is the New Yorker office. He remained a decade, and indeed the subtitle of this book is "Ten Years in the Big City." Neatly bracketing these ten years, it reprints the first of his "casuals", a piece called "Charlie," and the last, "Frankly; the Memoirs of a Bankrupt." Here are some of the other titles of these random specimens:

A Footnote to a Footnote.

The Passion in 12-C.

A Seascape by Daffy. ("This is MY piece about Captiva," he said, not at all defensively, after reading our small dramatic effort called "The Lion's Paw.")

Is There a Toothpick Among Your Keepsakes?

MS. Found in East Sixty-Eighth Street, Folded Up into a Little Paper Airplane.

.000.

In the Middle ages a humorist was a man fifty inches tall or less who could caper and shake a little stick with bells on it. Today, says Maloney, the humorist is a mental dwarf. "The humors of maladjustment have succeeded to the humors of deformity." Not that he is maladjusted to the world (except Hemingway). It is the world, we are convinced, that is maladjusted to Maloney. Or perhaps like his famous Charlie, he is just "human, with an abnormally developed sense of chaos."

However this may be, Maloney is witty, caustic, hilarious, and friendly. He dislikes the right things, such as women's fashion magazines, the Stock Club, and Elsa Maxwell. Good writing, he agrees with Bernard De Voto, is "anything you can get away with." He tells you about Mr. Pett, famous columnist, who got out of New York while alcoholically unconscious, and couldn't get back because of an inconvenient phobia which prevented his going either over bridges or through tunnels; about Leonard Lyons and his rise to The Lyons Den; about Dali and the ants in Brentano's about summer theatricals in The Wee Barn on the Hill. He includes selections from Profiles of Alfred Hitchcock, Paul Draper, Monty Woolley, and Orson Wells, who, as his wife classically remarked, "looks like a loosely knit pig."

When we finished "It's Still Maloney," we felt that our previous impression had been vigorously confirmed; that Maloney was not only all the things we mentioned above, but a very solid fellow into the bargain, and a blazingly fine human being. We remember his quoting the deprecatory statement that was current around the New Yorker office when one of the editors had been revising a manuscript. "Oh, I've just been putting it through the typewriter." What we'd like to add is that if we had an idea or a character we wanted sketched to a turn on the literary grill, we'd just insist on "putting it through Maloney."

We cannot answer individually the cards and letters that have come in, relative to the future, or the non-future, of The Common-place Book. So we do it now, publicly, and in 10 point caps. THANKS. And the forum is still open. Shall we, or shall we not, continue this Monday miscellany? Unfavorable opinions will be given special attention, because we really aren't too fond of mental effort.

High School Basketball Team to Be Honored at Community Party Friday

The Warren High School Basketball team will be honored at the community party on Friday evening after the last game of the season on the Beatty court. As soon as the older crowd leaves, the teens and twenties will set up their orchestra and refreshments stand and start the party.

The orchestra this week is Bill Dobbs, first sax; Bob Dobbs, second sax; Joe Fuellhart, third sax; Dale Soderburg, first trumpet; Jerry Wykoff, second trumpet; Kenny Lundahl, third trumpet; Keith Nicholson, piano; and Creed Erickson, Junior, drums.

The game rooms will not be open on Friday night but the committees on checkrooms and refreshments are asked to have their personnel complete by tomorrow.

Georgia Spinney and Charles Cochener, co-chairmen for the month, are responsible for arrangements. Warren Miller will be building supervisor for the evening.

The Committee on Community Recreation is also assisting the Community Council P. T. A. in its plans for the grade school children's Valentine party on Saturday afternoon from 2 until 4 o'clock. Tessa Fino is the youth chairman, cooperating with Mrs. Walter Mather and others and teachers from all the units.

The date set for the next teen age and twenties event after the basketball finale will be a Lamb's and Lions party on March 2nd, when Dale Soderburg's Orchestra will furnish the music. Letters have started to go back and forth between Warren and Jamestown again, with arrangements for an exchange in floor shows, with the Jamestown Rec.

Lois McCloskey Is Winter Church Bride Saturday of Martin Harris Smith

A beautiful winter wedding took place Saturday afternoon, when Miss Lois Murree, daughter of Mr. and Mrs. Guy F. McCloskey, 320 Park street, became the bride of Martin Harris Smith, son of Mr. and Mrs. M. H. Smith, 106 Central avenue. The double ring ceremony was performed in the Grace Methodist church at three o'clock by the Rev. Harold Knappenberger. The altar was banked on either side with daffodils, white snapdragons and palms.

Traditional wedding music was played by the church organist, Mrs. Edward Place, and Miss Bonnie Johnson sang "I Love You Truly" and "Because."

The lovely bride, escorted and given in marriage by her father, wore a white gown of musceline de sole over taffeta, which was fashioned with a sweetheart neckline, fitted bodice and long train. Her fingertip veil fell from a tiara of seed pearls and her only jewelry was a strand of pearls, gift of the bridegroom. She carried an arm bouquet of calla lilies.

The maid of honor, Miss Barbara J. Smith, wore a dress of salmon-colored brocade satin with a matching head band, and carried an arm bouquet of yellow daffodils and acacia.

Alan Buerkle was best man for Mr. Smith and ushers were Laurence Gerould, Devere Matthews, Don McComas, Jr., and Ralph McCloskey.

The bride's mother wore a plum colored gown with black accessories, and Mrs. Smith had a Nile green ensemble with black accessories. Both wore corsages of gardenias.

Immediately following the ceremony a reception was held at the YWCA activities building for 100 guests. The buffet table was beautifully decorated with calla lilies, white snapdragons and huddala in a silver bowl, and silver candelabra. The three-tiered wedding cake was topped by a miniature bride and groom. Presiding at the table were Lois M. McCloskey, of Philadelphia, aunt of the bride, and Mrs. Dennis Cochran, aunt of the bridegroom. Assisting with the serving were Mrs. Charles Passinger, Mrs.

AMERICAN LEGION AUXILIARY MEETING

The American Legion Auxiliary will hold the regular meeting on Tuesday evening at eight o'clock. Plans for the annual dinner dance February 22 in honor of state officers and special guests will be discussed. A social hour will follow with Mrs. Harry Nelson and Mrs. Claude Hoover in charge. The presence of all members is urged.

GOODWILL CLASS

The Goodwill Bible Class of Grace church, will meet Tuesday evening at 7:45 o'clock in the Win-per room.

Swedish Prince to Wed Commoner

Soon to be wed in America are Prince Carl Johan of Sweden, son of Crown Prince Gustaf Adolf and favorite grandson of King Gustaf, who renounced his royal birthright for love of Mrs. Kerstin Wijkmark, seven years his senior. The 35-year-old divorcee is a newspaperwoman and editor. The marriage will climax a five-year romance carried on over strongest opposition from the prince's family. The couple plan to live in the U. S., as plain Mr. and Mrs. Bernadotte, the Swedish royal family's name.

Warren County Couple Wedded In Cattaraugus

The marriage of Miss Phyllis Elaine Lindell, daughter of Mr. and Mrs. Paul Rowland, Russell-Lander road, and Donald F. Branstrom, son of Mr. and Mrs. Edwin F. Branstrom, of Russell, took place Wednesday, February 6, in the Cattaraugus Methodist church at 2:00 o'clock.

Rev. Delbert Jolley, a cousin of the bride, performed the ceremony in the presence of the immediate families, Mr. and Mrs. Andrew Lindell and Mrs. Jolley.

The bride was attended by her sister, Miss Bernice Lindell, who wore a gown of dusty rose, while S/Sgt. Walter Branstrom attended his brother as best man.

The bride wore a black gown with white accessories and wore a corsage of white roses and firsias.

Following the ceremony a reception was held at the parsonage.

Mrs. Branstrom is a graduate of Lander High school and Indiana State Teachers College, Indiana, Pa. and for the past fifteen months has served in the Waves.

The past thirteen months were spent at the U. S. Naval Hospital at Sampson, N. Y. Mr. Branstrom is a graduate of the Russell High School and attended Yale University nine months in the A. S. T. P. He has his honorable military discharge after 30 months in the service.

He served in the E. T. O. in the Ardenes and Rhineland campaign, receiving the Combat Infantry badge and purple heart with oakleaf cluster.

Mr. and Mrs. Branstrom are leaving the latter part of the month for Ann Arbor, Mich., where Mr. Branstrom will enter the University of Michigan.

Underwood-Nelson Rites Announced

Announcement is made of the marriage of Doris M. Nelson to S/Sgt. Richard J. Underwood, U. S. M. C. The wedding took place Tuesday afternoon, January 29, at the home of the bride's grandparents, Mr. and Mrs. Peter Nelson, 120 Parker street, the Rev. Harold C. Warren, of the First Presbyterian church, officiating. Only the immediate families were present.

The bride, daughter of the late Alfred Nelson, was graduated from Warren High School and the Hoff Business College. She is employed by the Bell Telephone Company.

Sgt. Underwood, son of Mr. and Mrs. J. C. Underwood, 14 Conewango avenue, is a graduate of the Warren High School and was employed by the Bell Telephone Company before enlisting in the Marine Corps in April, 1942. He recently returned after serving 27 months in the Pacific theater. Following his furlough, he will report to the Naval Air Station at Lakehurst, N. J.

President of the United States Sends Special Scout Message

The president of the United States, Harry S. Truman, has honored the Boy Scouts of America with a special message to commemorate the 36th anniversary of the Scout movement in this country. The president's message:

"THE WHITE HOUSE"
WASHINGTON

"To the Boy Scouts of America: In a world that has suffered so grievously from the most awful war in history, your theme for the year, Scouts of the World—Building Together is timely, refreshing and appropriate.

"Evidence of your determination to help your fellow Scouts in other lands less fortunate than ours is worthy indeed of the Boy Scouts of America. Your record for wartime services accomplished is enviable. Analyze it and you will find that planning, enthusiasm, and above all, cooperation helped you win through in your various campaigns.

"Now that hostilities have ceased you Scouts and your brother Scouts overseas can help the world maintain a secure peace by

WINDOW OF BIRD LORE IS DISPLAYED

With the feeling that the study and protection of bird life is interesting as well as essential in the Boy Scout program Troop 12 of the First Lutheran church has displayed a very fine window of bird lore in observance of Scout Week. This may be seen in the window of the C. Beckley electrical shop and consists of various nests, bird houses, feeding tables and some very interesting birds.

fostering good will, understanding, and respect through continued cooperation.

"Good Scouts, good Scoutmasters and good Scouting. There is a real contribution to the new world in the making.

"Keep on 'Building Together' in this, the thirty-seventh year of the Scout Movement in America, and all the years to come.

"(Signed) HARRY S. TRUMAN."

Scouts of Nation Are Helping Others in War-Torn Lands

The Boy Scouts of the nation, observing their 36th anniversary during Boy Scout Week, Feb. 8th to 14th, are helping brother Scouts in war-torn lands, through an unusual project known as the "Shirts-Off-Our Backs" Campaign.

Now numbering nearly two million, the Boy Scouts and their leaders are contributing used but clean and serviceable Scout uniform parts and camping equipment to help boys overseas resume their Scouting activities.

A special effort is being made during February to call at homes of former members for Scout uniforms and accessories no longer needed.

In approving this nation-wide effort, the National Executive Board of the Boy Scouts of America emphasized that the collection is not to be thought of as charity, but instead a sharing by one Scout with another.

Scouts are giving up parts of their uniforms and equipment that they may not be able to replace soon, but Scout Leaders feel this helpfulness will create an interest on the part of American Scouts in brother Scouts in other lands, their customs and history. Since each Scout donor is asked to include his name and address on the equipment, it is felt that friendships thus formed will contribute to world-wide understanding.

Usable uniform parts being collected include Boy Scout and Cub Scout shirts (without badges), hats and caps, shorts, neckerchiefs and slides, lanyards, belts, stockings and shoes. Equipment desired for shipment overseas includes axes, knives, mess kits, duffel bags, haversacks, sleeping bags, tents, bugles, compasses, fire making sets, first aid kits, signaling flags, whistles, and Scout literature.

The Scouts of Warren County are taking their contributions of uniform parts to their Troop meetings and then the Troop will

turn them in to the Council office no later than February 23, 1946.

Persons having Scout equipment that is not in use may call a Scout and have him collect it and take it to his Troop collection.

The World Friendship Fund, consisting of voluntary contributions of Boy Scouts, will defray all shipping costs.

High Praise For Scouting By Eisenhower

The Boy Scout Movement is a prime force in preparing tomorrow's men for their duty to themselves, their country, and the world," said General of the Army Dwight D. Eisenhower, chief of staff of the United States Army, in a message to the Boy Scouts of America who mark their 36th anniversary during Boy Scout Week, Feb. 8th to 14th.

General Eisenhower's tribute follows:

"The Boy Scout Movement merits the unstinted support of every American who wants to make his country and his world a better place in which to live. Its emphasis on community service and tolerance and world friendship promotes a speedier attainment of the enduring peace among men for which we all strive.

"By developing among its members both a spirit of sturdiness, self-reliance and a realization of the need for cooperative effort in every major enterprise, the Movement is a prime force in preparing tomorrow's men for their duty to themselves, their country and their world.

"Here in the United States, the Boy Scouts of America has accomplished much in its 36 years of service. But today, more than ever before, we need expansion of its membership and influence."

Troop 9, Boy Scouts, Guests At Banquet

Boy Scout Troop 9, sponsored by the Men's Bible Class of the First Methodist church was banqueted Thursday evening, at 6:30 in Founders Hall with their dads as guests. Dinner was served under the capable chairmanship of Ralph Theodore and a competent committee. The invocation was pronounced by the Rev. Wayne Furrman, pastor of the church.

Alan Schuler, senior patrol leader lead the group in salute to the flag.

Frank Wood, president of the men's class welcomed the guests in a few well chosen remarks, with an invitation for all to be guests of the class next year.

The annual report of Troop 9, was given by Senior Patrol Leader, Alan Schuler, with the financial report made by Scout Julian Gordon.

In the absence of Burr Garvin, Neighborhood Commissioner, Scout Executive, Frank Parker presented charter to the Rev. Wayne Furrman for the new Scout Explorer Post No. 9. Rev. Furrman in turn presented the charter to O. C. Tritt, chairman of the troop committee. Mr. Tritt then presented the charter to Patrol Leader, Donald Taft. Mr. Taft explained the qualifications needed to become a Senior Patrol Scout. "Al" Babcock who has given much time in helping to form this patrol, extended an invitation to any boys over 15 years of age to join.

Frank Parker, Boy Scout Executive congratulated the sponsors of troop 9 and their leaders for the fine troop. Ray Lewis, Scout Master, who was recently presented the Silver Beaver, spoke briefly on his version of a Scoutmaster's minutes.

At the close of a very entertaining and enjoyable evening, J. Peas of the local Forestry Department showed the picture, "Local Government in Action".

Bessie Says:

It's Great

To Be a Scout

Scouts like and need good Ice Cream to give them the vitality which they need in order to carry on their most important Scout work. We at the Nut Shop are proud of the job they are doing and extend our most loyal support to the Scouting movement.

THE FOURTH SCOUT LAW

**"A Scout
Is Friendly"**

He is friend to everyone. He makes people glad to be associated with him. We have endeavored to adopt the principle of the Scout Law in our store—to be friendly. Our employees want to become better acquainted with you... It is a natural thing to be friendly at Penney's. It makes shopping more pleasant.

"Scouts of the World Building Together"

Celebrating the 36th Anniversary of the Boy Scouts of America, February 8 - 14

The theme of the celebration is "Scouts of the World — Building Together." Members of the movement are helping brother Scouts throughout the world to reorganize their "World Friendship Fund" of voluntary contributions and their "shirts-off-our-backs" project of donating Scout uniform parts and equipment. It will assist Scouting overseas and help develop understanding among the boys of the world. It will help fellow Scouts in war-torn countries to get started again.

News Of The World As Seen In Pictures

Where UNO General Assembly May Meet

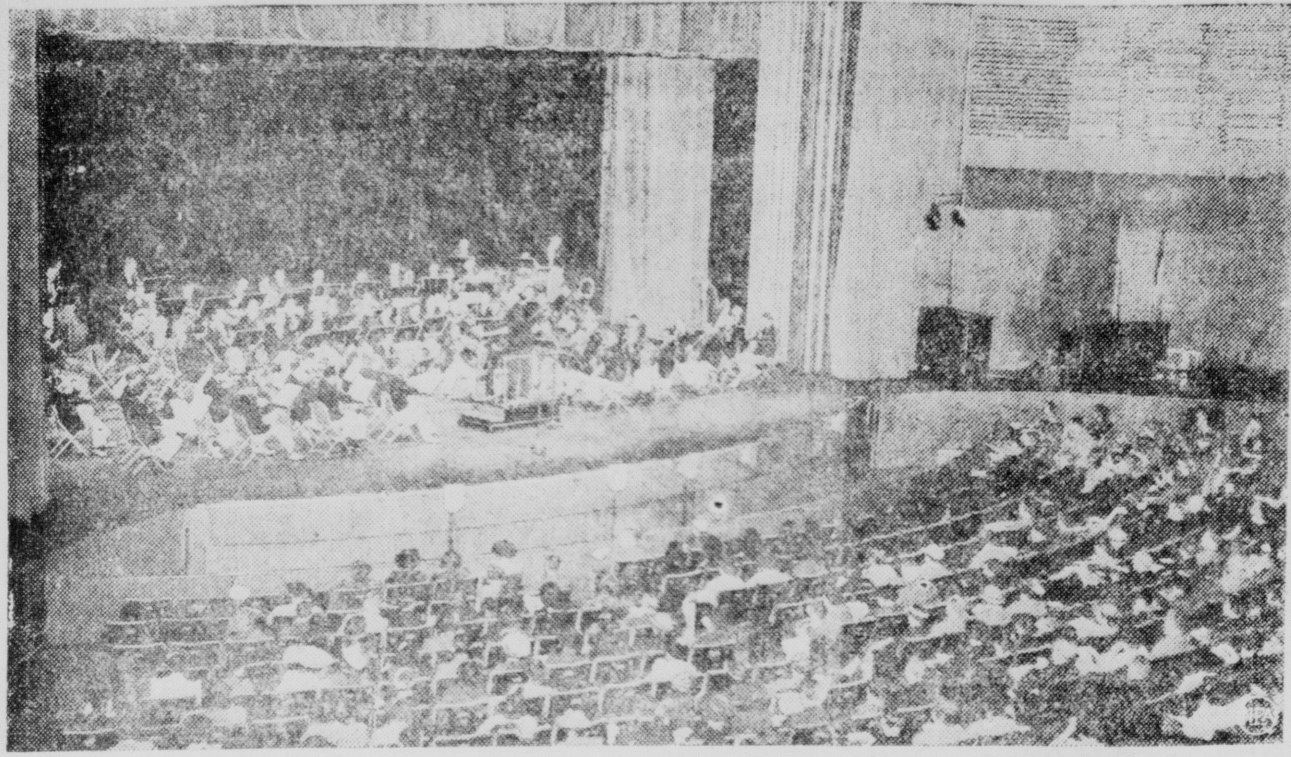

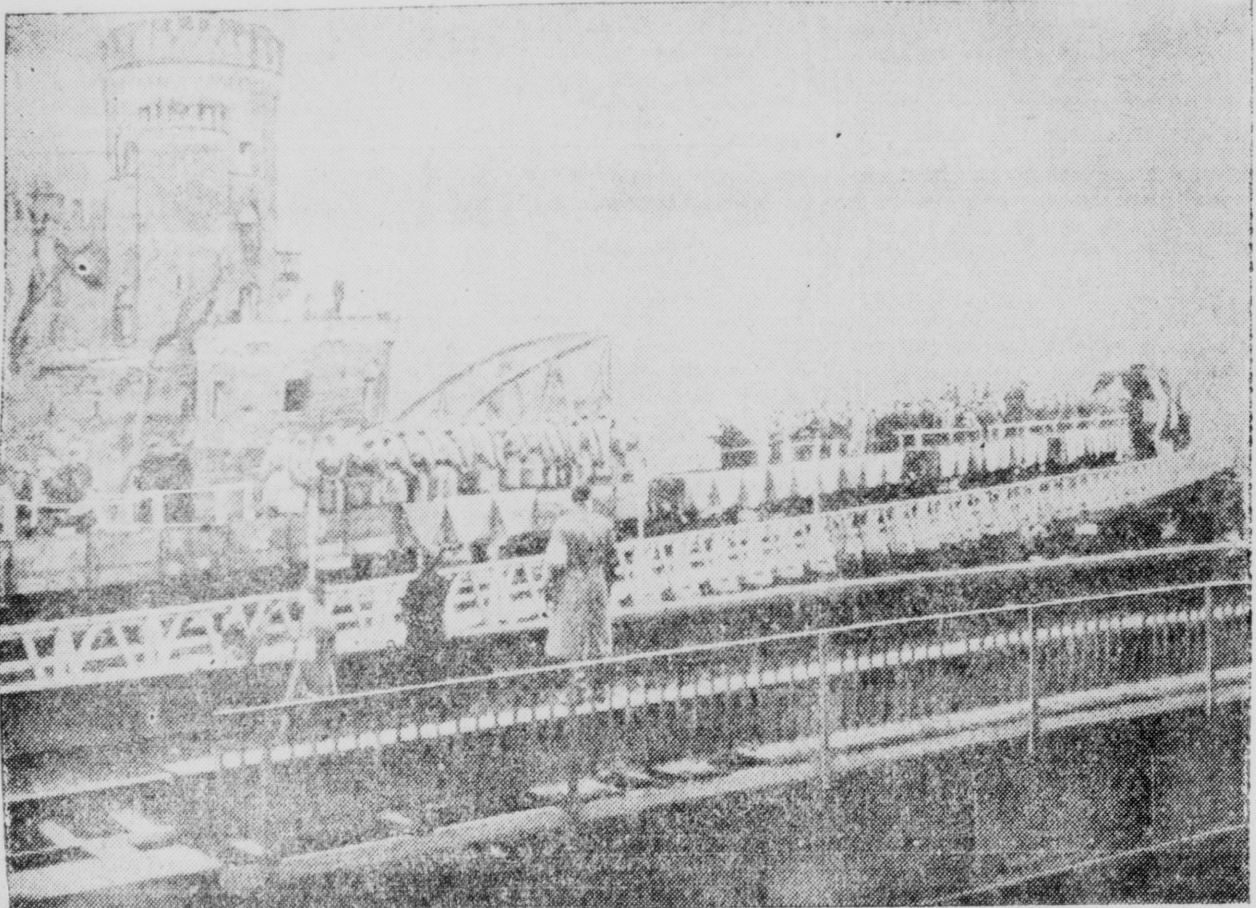

Photo above, taken during a concert, shows the interior of the Center Theater, in Rockefeller Center, New York. If the UNO site committee's recommendation of New York City as an interim site is accepted, the General Assembly may meet in this theater during its annual sessions.

U. S. Engineers Dedicate New Rhine Bridge

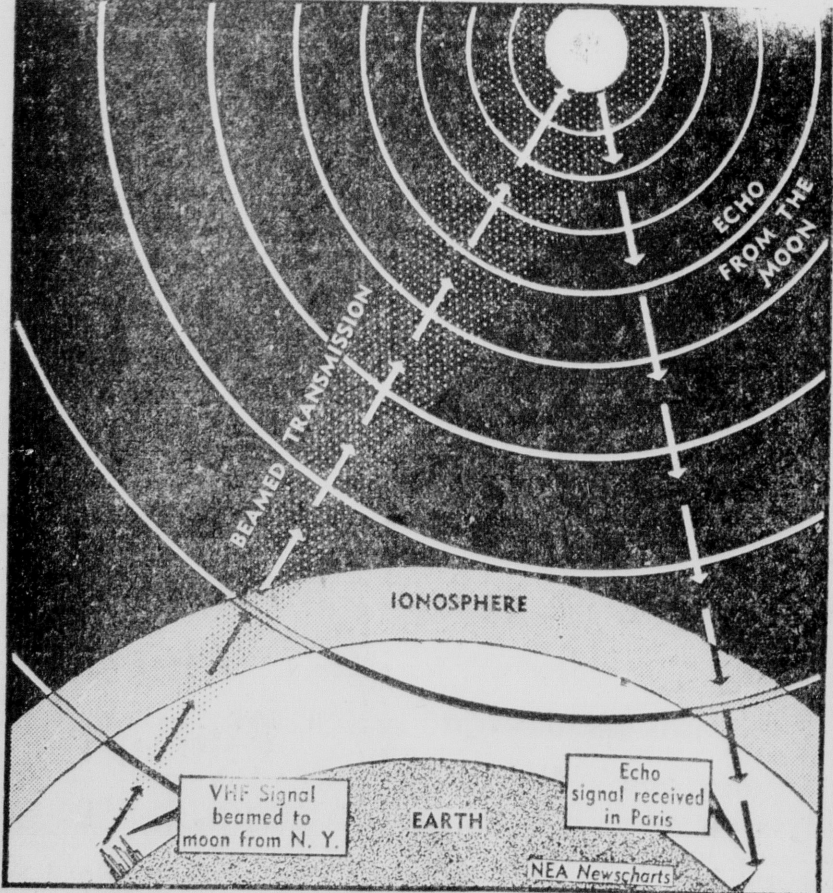

Special train loaded with men of 333d Engineer Special Service Regiment makes first crossing over 4000-foot railroad bridge they built across the Rhine River at Mainz, Germany. It's the first permanent postwar steel structure over the river.

Chinese Cardinal En Route to Rome

Most Rev. Thomas Cardinal Tien, 55, Bishop of Tsingtao, China, first non-Caucasian cardinal in the history of the Catholic Church, is greeted upon arrival at Chicago by little Catherine Jen-Kin, while her brother, in background, snaps a picture. Cardinal Tien is en route to Rome.

All They Ask for Is the Moon

Following the Army's radar contact with the moon, the Federal Telephone and Radio Corp., affiliate of the International Telephone and Telegraph Corp., is reported to have proposed using the moon as a relay station in a new system of inter-continental radio communication. Idea is that high frequency radio signals, beamed at the moon, would be reflected and could be picked up at any point on the hemisphere facing the moon. Newschart shows how signals might be sent from New York to Paris in 2 1/2 seconds.

Chicagoan Held

Edward Brunazina, 21, Chicagoan arrested in Toledo, O., is to be questioned in murder of ex-Wave Frances Brown in a Chicago hotel—the "lipstick case" in which wall of murder quarters bore legend scrawled in lipstick asking police to "get" murderer before he killed again. Brunazina, once a mental patient at Towanda, N. Y., is under arrest on charge of annoying a young girl. He admitted he formerly lived near the scene of the Brown slaying.

Truman's RFC Nominee Faces Battle

Camera catches George E. Allen in unguarded moments during meeting of Senate Banking and Currency Committee, which is holding hearings on his nomination by President Truman as director of RFC. Republicans are expected to lead bitter fight against Allen's confirmation.

Dog—And Copy Cat

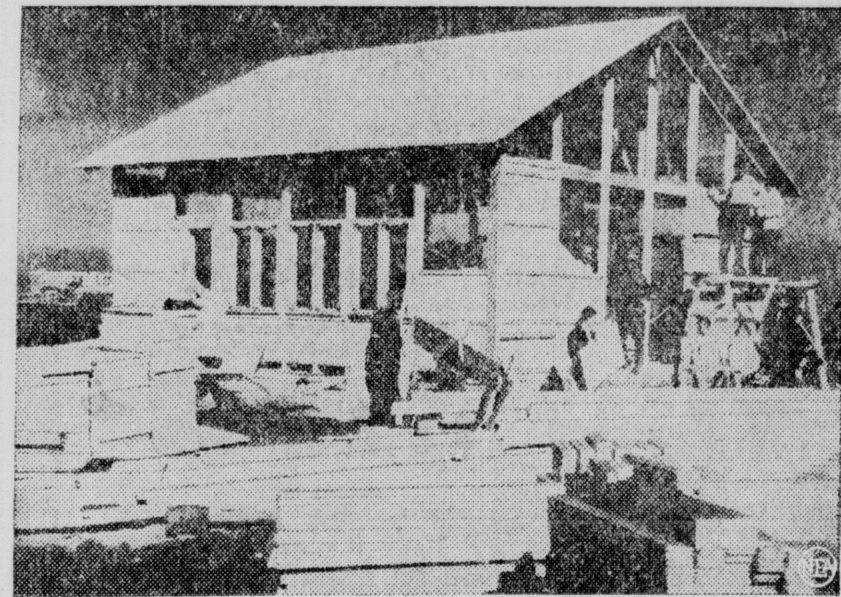

Little Dale Noble of Oakland, Calif., unconsciously sticks out her lower lip as she studies the profile of "Bomber," 65-pound, blue-ribbon bulldog at the Golden Gate Kennel Club's annual show in San Francisco.

Strike-Controller

Sponsor of the toughest of a number of strike-control bills before the House is Rep. Francis Case, Republican of South Dakota. Under his bill, likeliest to pass, labor unions would be compelled to observe 30-day "cooling-off" period before issuing strike call, and would be liable in the courts for violations of their contracts.

Reds Use Prefabricated Houses, Too

Prefabricated homes help solve workers' housing shortage in Russia, too. Photo above shows one being erected at Dniepropetrovsk, where hundreds of workers are toiling to repair the great Dnieper Dam, destroyed during the war.

In Memoriam

Scores of friends who prayed 3-year-old smiling Charlie H. above, who recently lost his 11-month fight against cancer, started a Charles Hale 3rd Fund to help other children battle dread disease. Funds will be used to enlarge children's ward at Memorial Cancer Center in New York, where Charlie was patient.

Wants Out

Guilty of espionage charges in Oct., 1943, Countess Grafin Marianna von Moltke, 48, above, has asked federal court officers to release her on a writ of habeas corpus. Self-confessed member of a wartime spy ring in Detroit, the countess has served two years of a four-year sentence.

Farewell Calls for a Family Lineup

When Richard Buss, 16, in uniform, foreground, prepared to leave his Chicago home for Merchant Marine service, it necessitated a lineup of the family for "goodbys." Members are, left to right: Mr. and Mrs. Daniel Buss; Donald, 29; Daniel, Jr., 28; Vera Reynolds, 26; George, 25; Robert, 23; Roger, 21; Ralph, 17; Joanne, 15; Dorothy, 14; William, 12; Gene, 11; James, 9; June, 8; Jack, 7; and Henry, 5.

ON HIS HANDS

Gen. Tomoyuki Yamashita, called "The Tiger of Malaya" and "The Scourge" of the Philippines, deserved well his grim nicknames according to testimony of witness who details atrocities committed during his command of the Philippines between Oct. 9, 1944 and Sept., 1945. When U. S. forces advanced on Manila and the Japs were retreated, the beaten armies under his command, engaged in wanton murder, rape and destruction throughout the city.

chairman, was expected to call a meeting of the state G. O. P. executive committee for the same purpose.

No avowed opposition has developed either to Martin or Gurfey for their respective party's nomination. However, former U. S. Senator James J. Davis has yet to make a definite statement as to whether he will try to regain the seat he lost in 1944 to U. S. Senator Francis J. Myers, Democrat.

Among gubernatorial prospects, petition for Auditor General G. Harold Wagner, Democrat, were in circulation. However, State Chairman J. Warren Mickle said after last week's slate-talk that the Wagner petitions would not be filed unless party leaders agree to "suggest" Wagner to the voters.

SOCIETY NEWS

Special Events Planned By Community Recreation Group

The committee on community recreation is busy with its plans for two special events next week. The teens and twenties have another community party coming on Friday, February 15th, following the final basketball game of the season at Beaty court. The next afternoon, on the 16th, there will be a Valentine party for children from the first to the sixth grades. The February committee, headed by Georgia Spinney and Charles Cochener, is enthusiastic over the wonderful response by the teens and twenties at their Have a Heart and Help party last Saturday evening. The young people report contributions of clothing far exceeded their goal of 1,000 garments for the overseas needy. The Victory Clothing Drive committee estimated that nearly 1,500 articles, well wrapped or in cartons, were taken from the party to the main collection center on Saturday.

The recreation committee will have the assistance of some of the mothers for the community children's party. Teresa Fino is the young people's chairman and

Mrs. Walter Mathyer heads the the arrangements for the Community Council P. T. A. Each of the grade schools is being asked to present a number for the auditorium show. Mothers from South Street and East Street schools will help with the checkroom. Home Street and Johnson schools will help with the decorating. Assisting at the refreshments stand will be mothers from Lacy, Seneca and McClintock schools.

The Girl Scouts will help with games in the gymnasium, while half of the group is entertained in the auditorium. Further details of the program will be announced the first of the week.

Bill Dobbs' orchestra is playing for the teens and twenties at their basketball party next Friday. The committee has recently received about fifty orchestras which will be kept at the public library and made available for orchestras furnishing music for community parties. Dale Soderberg's orchestra, which was given a real hand last Saturday, has been secured for the party March 2nd.

Dessert Luncheon Held At Y.W.C.A.

The second annual all-committee dessert luncheon took place at the YWCA on Friday. Committee chairmen invited their committee members and 35 women were present and initiated plans for 1946. It so happened that February 8 was an anniversary date, for just a year ago the first such dessert luncheon had been held.

Mrs. Carl Lundahl, president of the board of directors, gave a welcome and Miss Mary Church, general secretary, spoke of the responsibilities of committee members and board members. The Warren YWCA functions through these committees, namely: finance, personnel, travelers aid, business girls, repairs and equipment, Girl Reserve, membership, education and recreation, religious and world fellowship and public affairs. A variety of plans were initiated on Friday and will be announced in detail at a later date.

Patricia Simmons Thursday Bride Of Robert E. Dietch

Intimate friends and members of the families witnessed the ceremony at one o'clock Thursday, February 7th, in the rectory of St. Joseph's church, which united in marriage Miss Patricia Mary Simmons, daughter of Mr. and Mrs. James A. Simmons, 423 Rankin street, and T/Sgt. Robert Edward Dietch, USMR, son of Mrs. Swanson, 202 South South street.

The Rev. Father Arthur Leon read the double ring ceremony. The bride was attended by her sister, Miss Kathleen Simmons, and Leroy Brownell acted as best man.

The bride was lovely in a char- treuse suit with black accessories and a corsage of Sunflower roses. The bridesmaid wore a suit of soft rose, with black accessories and an iris corsage. The bride's mother wore a red rose corsage with a black dress, and Mrs. Swanson wore a light blue dress with a red corsage.

An informal reception was held from 2:30 to 5 o'clock at the home of the bride's parents. White and crystal table appointments were carried out. The table was centered with a three-tiered wedding cake topped with a miniature bride and groom.

Following the reception, Mr. and Mrs. Dietch left for a short wedding trip of Buffalo and Canada, after which T/Sgt. Dietch will report to the Great Lakes Naval Station, and Mrs. Dietch will remain at home.

Both young people are graduates of the Warren High School. Before entering the service, the groom was employed by the West Penn Oil Company, and the bride is employed by the Warren National Bank.

Mr. and Mrs. S. S. Watson are in St. Augustine, Fla., visiting their son and daughter-in-law, Sgt. and Mrs. G. E. Watson. From there they will go to Birmingham, Ala., to visit Mrs. Watson's sister, Mrs. F. L. Charles.
